

# Math Sequences at Castle High School

- Indicates typical path: Successful completion of course. Generally, a grade of A or B for the first and second semesters, C students need the recommendation of their teacher.
- Incoming freshmen students have the opportunity to retake Algebra I to improve their understanding of the material and their grade. The math department encourages all but the very strongest students to retake Algebra I.
- Grade of D or F in Math 8 Advanced.
- ⋯→ All students must enter high school at the Algebra I level. Algebra I T is the lowest level. The corresponding Algebra Enrichment class will be offered to students based upon test scores and teacher recommendations.†
- Indicates a lateral path: Grade of C, or D for the second semester.
- - → Indicates a move into an Advanced or the Honors Lane, requires a grade of A/B (both semesters) and the recommendation of their teacher.

MCC- Math College Credit course through IVY Tech

\* See the Quantitative Reasoning Course list.

† Does not count as a required math credit but counts as an elective for the Core 40, Core 40 with Academic Honors or with Technical Honors diplomas.

Students may move into a higher, more advanced level, but they must distinguish themselves: requires a grade of A (both semesters) or the recommendation of their teacher.
