You may deposit money into your child's account by sending cash or a check to your school's cafeteria, or by making a payment over the internet using your Visa or MasterCard by logging onto www.sendmoneytoschool.com. On sendmoneytoschool.com, you will be able to monitor your child's cafeteria account purchases and balance free of charge, set up low balance emails or you may make an online payment for a \$2.50 transaction fee. You may also sign up for low balance email notifications or set a daily spending limit on your child's meal account by contacting your school's cafeteria.

Financial Meal Assistance:

You may apply for Free or Reduced Meal Assistance by logging onto www.lunchapp.com. You may also obtain a paper application at all schools or on our website. Online applications are typically processed much quicker than paper applications. The Food & Nutrition Department has up to 10 days to process your application. Applications will be accepted beginning July 24, 2017 for the upcoming school year.

Families who qualify for FREE or REDUCED priced lunches for their children will also be eligible for Textbook Rental Assistance. A request for this assistance **must** be made on the lunch application, which is provided to each student at the start of the new school year. Only one application is needed per family.

The WCSC Food & Nutrition Department makes affordable, healthy, and nutritious breakfast and lunches available. Therefore, the following rules apply:

High School Students are not permitted to charge food or drink.

Middle School Students may charge up to \$10.00 to his/her meal account.

Elementary School Students may charge up to \$20.00 to his/her meal account. After the \$20.00 limit has been reached, the student will receive an alternative meal consisting of a PB&J sandwich, fruit and milk at a cost of \$0.40.
